

reader Views

LOVE TO READ? ARE YOU AN EXPERIENCED BOOK REVIEWER, BLOGGER OR AUTHOR? JOIN OUR TEAM!

Before you complete the application form, please read the following guidelines.

If your application is accepted:

- You will read and review books in the genres of your choice. On the application form, you will have a choice of what type of publication you will review. Reader Views will not endorse pornography or textbooks.
- We require that you commit to at least 1 book per month.
- When you receive a publication for review, you will notify Reader Views of receipt. We keep track of all the details pertaining to the review process.
- Most books should be read within 3-4 weeks of receipt. Upon completion you will write a review (the body of the review should be 350 words, 3–8 paragraphs) and e-mail it to Reader Views.
- Upon receipt of review from you, Reader Views staff will format the review for posting on the website. We also send the tear sheet to the author. All reviews are edited for punctuation and grammar before formatting. This process sometimes takes two weeks. Please do not tell the author/publisher that you have submitted the review to us. We will send them a tear sheet when the process is complete.
- The review becomes the property of Reader Views. Reader Views will give the author permission to use the review in full or excerpts providing they credit the reviewer and Reader Views. (e.g. Reviewed by John/Jane Doe, Reader Views.)

- **If you would like to post your review on other sites, arrangements may be made with Reader Views. Please do not post it without permission.**
- Please do not contact the submitter (author, publisher, publicist) for other books to review or send the review directly to them.
